Art nel Veneer
by PureVeneer

PUREVENEER MAKES A DIFFERENCE

Founded in 2010, PureVeneer specializes in the production of veneers and unfinished/Prefinished panels. With mature production technology and constant investment in advanced facilities.

QUALITY INSPECTION

Always a pre-production sample before mass production. Always final in-spection before shipment ISO 9001:2000 certified production management processes are at the basis of business.

ENVIRONMENTALLY AWARE

Natural timber is a crucial resource for creating high quality boards. Greenland is aware of its raw material's importance not only for its own business operation but also as a key player in global climate.
